The 10th Annual Wernher von Braun Memorial Symposium

Gateways in Space: Exploration, Security, and Commerce

October 24-26, 2017
Charger Union Theater
The University of Alabama in Huntsville

An American Astronautical Society Symposium

in conjunction with

The University of Alabama in Huntsville,

NASA Marshall Space Flight Center, and the

National Space Club – Huntsville

Sponsored by

EDUCATION SPONSOR

WEBCAST SPONSOR

TRANSPORTATION SPONSOR

IN CONJUCTION WITH

NASA Marshall Space Flight Center

Student Poster Competition Entrants

PROJECT TITLE	PRIMARY STUDENT	COLLEGE
An Investigation of Zinc Whisker Detachment in Microgravity	Kayla Capitan	Engineering
Analytical Modeling of Radiation Attenuation and Heat Deposition in Propellant for Nuclear Thermal Rockets	Alexander Aueron	Engineering
Angle-Scanning Spectropolarimetry: From the Ultraviolet to the Infrared	Sahar Ansar Nouri	Science
Apollo 17 Lunar Surface Gravimeter: A New Moonquake Catalog and	Deanna Phillips	Science
Implications of Expanding the Passive Seismic Array	Deama i mmps	Science
Applications of NASA Earth Observations for Monitoring Surface	Kelsey Herndon	Science
Water Availability for Pastoralists and Small-Scale Agric		
Assessing Time-Weighted Dynamic Time Warping as a Method	Ronan Lucey	Science
for Land Cover Classification Utilizing NASA Satellite Imagery		
Autonomous Solid-State Radiation Detector for Safety	Levi Davies	Engineering
of Aerospace Systems	7l. ml	Funda a salara
Bridging the Gap Between Systems and Domain Engineers in	Zach Thomas	Engineering
Model-Based Engineering: Where MBSE Fits in the Digital Thread Building Miniature-Sized Ion Thruster Using Split Ring Resonator (SRR)	Toyofumi Yamauchi	Engineering
Characterization of a Microplasma-Based Heaterless, Insertless, Cathode	Ryan Gott	Engineering
Complexity Measures for SysML models	Victor Lopez	Engineering
Cylindrical Hall Effect Thruster with 3D Printed	Ryota Nakano	Engineering
Components for Small Satellite Propulsion	19 000 110110110	2.18.11001.1118
Design and Construction of a Bi-Propellant Liquid Rocket	Kaitlin Russell	Engineering
Developing an Anti-Coincidence Shielding System for	Chloe McFadden	Engineering
Hard X-Ray Detection in a Balloon-Borne Telescope		
Developing the Terrestrial RaYs Analysis and Detection (TRYAD)	Lucas Capps	Science
Science Instrument		
Development of 3-axis control system for 3U CubeSat	Tyler Sholes	Engineering
Development of a Gamma-Ray Scattering Polarimetry Detector for	Jared Fuchs	Science
CubeSats		
Development of a Multistage High-Power Rocket	James Biaglow	Engineering
Development of a User-friendly System Model and	Daniel Corey	Engineering
Simulation for an Amateur Liquid-Fueled Rocket	Jahan Cardana	Fu sin a sain s
Diagnosing Failures in Complex Engineered Systems	Jalyn Gariepy Sakurako Kuba	Engineering
Electric Charge Capacity and Breakdown Voltage of Martian Simulant by Using Electro Dynamic Balance	Sakurako Kuba	Engineering
Electric Sail Tether Deployment Testbed	Davis Hunter	Engineering
Evaluating Benefits of SysML in Creating Value Models	Garima Bhatia	Engineering
Using NASA's NEA Scout Project	darinia Bilatia	Engineering
Expendable RS-25 Affordability Study	Adam Bower	Engineering
Experimentation of Warm Gas Generator Emerging Technologies	Amit Patel	Engineering
Identifying Sources of Low-Spatial Frequency	Samantha Johnson	Science
Figure Errors in Full-shell X-Ray Optics	•	
Improving the High-Voltage Dielectric Breakdown	Sijay Huang	Engineering
Strength for Aerospace Applications		
Marshall Enriched Storable Oxidizer	Robert Hicks	Engineering
Motivations for Mars	Mark Potter	Humanities and Social Sciences
NASA Habitat: Framework for an Analysis of Preference Communication	Giulia Palma	Engineering
Overview of the SABER Mission and Launch Vehicle Design	Benjamin Thompson	Science
Physoon - Radiation Detection in Various High-Altitude Environments	Christopher Helmerich	Science
Power Distance in International Aerospace Endeavors	Alexander Marbut	Humanities and Social Sciences
Predicting Mechanical Properties of Lattice Structures Panid Atmospheric Poundary Layer Evolution During	Behzad Bahramibabamiri	Engineering
Rapid Atmospheric Boundary Layer Evolution During the Great American Solar Eclipse of 2017	Preston Pangle	Science
Risk Assessment and Use of Water Rockets for Educating	Alex Christley	Engineering
Students in K-12 Classrooms Using a LIFTOFF Case Study	Then diffishey	ngmeering
Sally Ride EarthKAM: Using ArcGIS to Assess Popularity of Geographic	Jeremy Frost	Science
Locations for Picture Requests Among K-12 Students	jording 11000	55.51100
UAH Propulsion Research Center Rocket Test Capability Upgrade	Daniel Jones	Engineering
Upgrade of PRC Spray Facility for Evaluation of Liquid Injector Technology	Ronak Pereira	Engineering
Verification and Enhancement of VIIRS Day-Night	Angela Burke	Science
Band Power Outage Detection Product		
-		

Program

AIAA Young Professionals Symposium - Student Services Building

A technical symposium for aerospace young professionals.

- Monday, October 23 All day
- Tuesday, October 24 All day; AIAA YPS Mentor Ship Event at 4:00 PM

This is an optional program. For details and registration (required) visit aiaavps.org

Tuesday, October 24

6:00 pm **Von Braun Symposium Welcome Reception**

Student Services Building - Sponsored by UAH

Wednesday, October 25

7:00 am AAS Corporate Members Breakfast (Invitation Only)

7:00 am Registration Opens / Networking / Continental Breakfast – Charger Union

Sponsored by Orbital ATK

8:00 am **Welcome Remarks** – Charger Union Theater

- Robert Altenkirch, President, The University of Alabama in Huntsville
- Alan DeLuna, Executive Vice President, American Astronautical Society
- Todd May, Director, NASA Marshall Space Flight Center

8:30 am **Exploration Update**

Moderator: Dale Thomas, Professor/Eminent Scholar, I & S Engineering, UAH Panelists:

- Mike Bolger, Manager, Ground Systems Development and Operations Program (GSDO), NASA Kennedy Space Center
- Bill Hill, Deputy Associate Administrator, Exploration Systems
 Development, Human Exploration and Operations Mission Directorate,
 NASA Headquarters
- John Honeycutt, Space Launch System (SLS) Program Manager, NASA Marshall Space Flight Center
- Mark Kirasich, Orion Program Manager, NASA Johnson Space Center

10:00 am Break – *Sponsored by Orbital ATK*

10:15 am **Space Policy Discussion**

Moderator: Frank Morring, Senior Space Technology Editor (retired), Aviation Week & Space Technology

Panelists:

- Kate Kronmiller, Vice President, Government Relations, Jacobs
- James Vedda, Senior Policy Analyst, The Aerospace Corporation
- Ann Zulkosky, Director of NASA Programs, Lockheed Martin

11:45 am **Spotlight - Next Generation Conversations**

Moderator: Erin Koshut, Cummings Research Park Director

- Mark Becnel, President, RadioBro Corporation
- Lyndsay Ferguson, President and CEO, Leadership Huntsville/Madison County

12:30 pm **Luncheon** – Student Services Building – *sponsored by Boeing*

Guest Speaker: William Gerstenmaier, Associate Administrator, Human Exploration and Operations, NASA Headquarters

2:00 pm **Commercial Space Flight in Today's Environment**

Moderator: Eric Stallmer, President, Commercial Spaceflight Federation Panelists:

- Richard Dalbello, Vice President, Government Operations, Virgin Galactic
- Sam Gunderson, Manager, Business Development, Blue Origin
- Travis Langster, Vice President, SSA Programs, AGI
- Vern Thorp, Director, Commercial Programs, United Launch Alliance
- Julie Van Kleeck, Vice President, Advanced Space and Launch Programs and Strategy, Aerojet Rocketdyne

3:30 pm Break – *Sponsored by Orbital ATK*

3:45 pm **Spotlight** – Dennis Andrucyk, Deputy Associate Administrator, Science Mission Directorate, NASA Headquarters

4:15 pm **Research on the International Space Station**

Moderator: Bobby Watkins, Director, Human Exploration Development and Operations Office, NASA MSFC

Panelists:

- Marybeth Edeen, ISS Research Integration Office Manager, NASA JSC
- Robyn Gatens, Deputy Director, ISS, NASA HO
- Greg Johnson, President and Executive Director, CASIS
- Mark Mulqueen, ISS Program Manager, Boeing

5:45 pm Adjourn

6:15 pm **Reception and Student Poster Displays** – Grand Hall, Huntsville Botanical Garden – *Sponsored by United Launch Alliance*

Thursday, October 26

7:00 am Registration Opens / Networking / Continental Breakfast – Charger Union Sponsored by Teledyne Brown Engineering

8:00 am **Day Two Opening Remarks** – *Charger Union Theater*Jan Davis, Vice President and General Manager, Bastion Technologies, Inc.

8:30 am Next Space Technologies for Exploration Partnerships (NextSTEP)

Moderator: Jason Crusan, Director, Advanced Exploration Systems Division,
Human Exploration and Operations Mission Directorate, NASA HQ
Panelists:

- Jonathan Goff, Senior Ixion Program Engineer, NanoRacks
- Steve Lindsey, Sierra Nevada Corporation
- Mark Ortiz, NextSTEP Program Manager, Boeing
- William Pratt, Program Manager, Lockheed Martin
- Bob Richards, Vice President, Strategy and Business Development, Advanced Programs Division, Space Systems Group, Orbital ATK

10:00 am Break - *Sponsored by Teledyne Brown Engineering*

10:15 am **Team Redstone and Civil / DoD Space**

Moderator: David Burns, Director, Science & Technology Office, NASA MSFC Panelists:

- Shari Feth, Director, Science and Technology, Missile Defense Agency
- James Kirsch, Weapons Development and Integration (WDI)
 Directorate, U.S. Army Aviation & Missile Research, Development and
 Engineering Center's (AMRDEC)
- Scott Kordella, Portfolio Director for National Space Program (Intelligence), The MITRE Corporation
- John London III, Chief Engineer, U.S. Army SMDC Space and Strategic Systems Directorate
- Jim Reuter, Deputy Associate Administrator, Space Technology Mission Directorate, NASA HQ
- 11:45 am **Spotlight** Mike Griffin, President, GriffinSpace Consulting LLC
- 12:30 pm Luncheon Student Services Building sponsored by Lockheed Martin
 Guest Speaker: Robert Lightfoot, NASA Administrator (Acting)
 Announcement of Student Poster Awards
 Presentation of Awards
- 2:30 pm Adjourn

29th Annual Wernher von Braun Memorial Dinner

Produced by the National Space Club – Huntsville Davidson Center at the U.S. Space & Rocket Center

5:30 pm Reception

7:00 pm Dinner – Special Guest Speaker: Gen. John E. Hyten, USAF, Commander,

U.S. Strategic Command (USSTRATCOM)

Note: The dinner is a separate event and is not included as part of the symposium registration. For information on the dinner go to <u>spaceclubhsv.org</u>

Friday, October 27 (Optional)

8:30 am Tour of the United Launch Alliance Rocket Production/RUAG Space USA Large Composite Manufacturing Facility

- Bus will depart from (and return to) the UAH Executive Parking Lot.
- Tour is limited to 50 spots; first come, first served.
- Only U.S. Citizens/Persons are permitted on the tour.
- Required for the tour: Valid U.S. government agency picture I.D. such as a driver license, passport, or other government-issued I.D.
- Visitor Rules:
 - This will be a walking tour, so please wear comfortable shoes. Please inform ULA if you are unable to walk the tour and we will make every effort to accommodate you.
 - No open-toed or high-heeled shoes over two inches in production areas. Flat closed toe shoes preferred.
 - No cameras. (If cell phone/PDA has a camera capability, the camera function is not to be used while visiting ULA.)
 - No laptops or voice recorders.
 - No shorts in production areas.
 - Those who RSVP will be required to re-confirm prior to boarding the ULA bus. A tour representative will be located at the front check-in desk of the symposium for participants to confirm their attendance.
 - For further information, please contact Sarah Thomas at 303.391.4858 or sarah.s.thomas@ulalaunch.com.

12:30 pm Tour ends

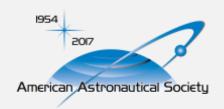

Thank you to the 2017 Wernher von Braun Symposium Planning Committee

Terry Abel – Lockheed Martin
Mark Becnel – RadioBro Corp
Carla Bossard – Aerojet Rocketdyne
Marcia Cobun – NASA MSFC
Chris Crumbly (Chair) – Teledyne Brown
Engineering
Bob DaLee – Boeing
Alan DeLuna – American Astronautical
Society Ex-Officio
Terry Dillard – Orbital ATK
Kim Doering – Dynetics
Gene Goldman – Leidos
Becky Griffin – Rebecca Griffin Space
Jeff Irons – IronSclad Solutions
Alecia Linn Lauer – ULA

Diana King – NASA MSFC
Tom Koshut – UAH
Robert LaBranche
Tracy Lamm – Space Center Houston
Kevin Miller – Consultant
Lisa Monaco – Jacobs
Bruce Morris – RUAG
Kathy Nado – NASA HQ
Charles Scales – Sierra Lobo
Dan Schumacher – Torch Technologies
Sarah Thomas – ULA
Mike Ward – Chamber of Commerce of
Huntsville and Madison County
Jim Way – American Astronautical Society
Pamela Workings – Boeing

Thank you for attending the Wernher von Braun Memorial Symposium.

Please join us at the 56th Robert H. Goddard Memorial Symposium March 13-15, 2018 Greenbelt Marriott Greenbelt, Maryland

Founded in 1954, The American Astronautical Society is the premier network of current and future space professionals dedicated to advancing all space activities.

AAS has long been recognized for the excellence of its national meetings, technical meetings, symposia and publications and for their impact on shaping the U.S. space program. Members have opportunities to meet with leaders in their field and in related disciplines, exchange information and ideas, discuss career aspirations and expand their knowledge and expertise.
